Additional Information : Rarely available! The Blucamp SKY 20 is our most popular choice for long term trips and we rarely see early models like this one. The layout of this van has been further modified by the previous owner to create a large front lounge area with lots of leg room. It is now configured with 4 seat belt positions, a double bed, a small single bed and swivel "captain" seats in the front cab. A great van for a couple on a longer trip at a very competitive price. For sale on behalf of the current owners who have returned to Australia after an extended trip.

Warranty Expiry
